

**HEALTH IS THE  
GREATEST GIFT**

# What is LIFEON?

Surgical aids and Rehabs require careful manufacturing and attention to detail. And our LIFEON Range is exactly build to do that. Our durable and quality products bring contemporary health care to people of all affordability.

# What is a Knee Support

Knee supports are supports to be worn when you have pain in your knee. Some people use them to prevent knee injuries during sports. Supports are made from combinations of metal, foam, plastic, or elastic material and straps. They come in many sizes, colors, and designs

# Knee Support

# Product USP

- Anatomically shaped with reduced compression on patella ensures no Chondromalacia, even on prolonged use, provides better compression and grip, easy knee movement and Improved comfort.
- Bi-layered, cotton on the inside, a dermophillic interphase improves sweat absorption, comfort and compliance.
- Bi-layered, nylon on the outside ensures durability, improves aesthetics and color fastness.
- Four-way stretchable fabric, ensures effective compression along with comfort.
- Two layered with interwoven air space, retains body heat effectively, speeds up healing and allays pain.
