

A woman with long dark hair, wearing a white sleeveless dress, stands on a sandy beach. She has her arms raised high in the air, looking upwards with a joyful expression. The background shows the ocean with gentle waves and a clear sky. The image is framed by a decorative border with curved, overlapping bands of light green and orange. The text 'HEALTH IS THE GREATEST GIFT' is overlaid on the right side of the image in a bold, blue, sans-serif font.

# What is Natural Honey ?

It's unfiltered and unpasteurized, which means there is no processing or heating to decrease its natural vitamin and mineral content. Raw honey contains disease-preventing and disease-fighting flavonoids.

Raw honey contains both propolis and bee pollen so you get the benefits of those two natural powerhouses as well.
