

**HEALTH IS THE  
GREATEST GIFT**

What is Lifeon ?

Surgical aids and Rehabs require careful manufacturing and attention to detail. And our Lifeon Range is exactly built to do that. Our durable and quality products bring contemporary health care to people of all affordability.

# What is a Cotton

- Cotton is a soft, fluffy staple fiber that grows in a boll, or protective case, around the seeds of the cotton plants of the genus *Gossypium* in the mallow family *Malvaceae*. The fiber is almost pure cellulose. Under natural conditions, the cotton bolls will increase the dispersal of the seeds.

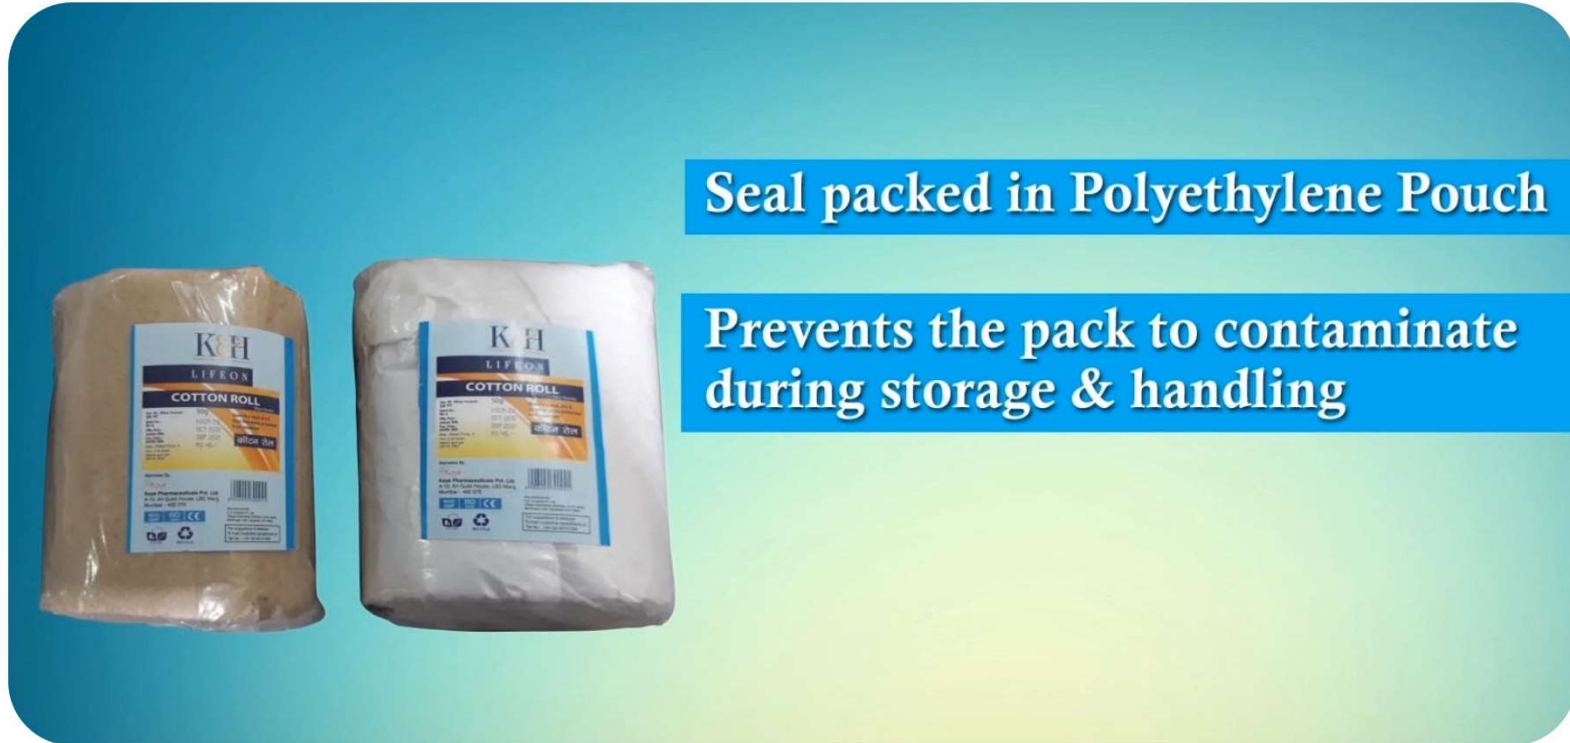

# Cotton

# Product USP

- K & H Absorbent cotton complies with the standards of drug & cosmetic act for surgical dressings
- K & H Absorbent cotton is chemically inert & soft to give maximum protection & does not cause irritation. Its super whiteness reflects genuine quality.
