

A woman with long dark hair, wearing a white sleeveless dress, stands on a sandy beach. She has her arms raised high in the air, looking upwards with a joyful expression. The background shows the ocean with gentle waves and a clear sky. The image is framed by a decorative border with curved, overlapping bands of green and orange. The text 'HEALTH IS THE GREATEST GIFT' is overlaid on the right side of the image in a bold, blue, sans-serif font.

What is a Roll Bandage

- A bandage is a piece of material used either to support a medical device such as a dressing or splint, or on its own to provide support to or to restrict the movement of a part of the body. When used with a dressing, the dressing is applied directly on a wound, and a bandage used to hold the dressing in place
